

Introduction

Perfect Engineering Corporation
Perfect Equipments Private Limited
Perfect Engineers

Founder : Amrutbhai Mistry

An expert wood carver, He came to Ahmedabad with his wood working expertise & big dreams.

First job was with Indobelga Equipments as Maintenance Manager. After that he joined M K Spindles and parallel started his own wooden pattern work shop.

Amrutbhai as he is fondly called, worked there for three years. He is blessed with sharp engineering mind & could easily understand machines & their mechanisms.

In the year 1966 he left M K Spindles to fulfil his entrepreneur dream & started own manufacturing plant to manufacture Flat bars.

This laid the foundation of the business.

Founder : Ishwarbhai Mistry

When one embarks on a long journey, one wishes for a capable & trusted partner who shares the same vision.

Amrutbhai found that partner in Ishwarbhai, whom everyone in Perfect, affectionately calls “Mama”.

They have been together for more than 40 years, working hard and working together to steadily & continuously built the company.

It is the fruit of their hard work, emphasis on quality & fair trade practices that Brand “**Perfect**” enjoy customers trust.

They continue to guide us & watch proudly as the company they founded continues to grow.
